

Celebration for

Graham

charity auction dinner

The St Leonard's College community generously supported Graham Barnell and his family with their challenge last year & helped him beat a deadly form of leukaemia by enabling him to receive cutting edge treatment in the USA.

We invite you to be a part of our 2009 **Celebration for Graham** dinner so Graham and his family can thank the College community for it's support. While Graham's treatment was a complete success, he had many complications and saving his life came at double the expected cost. So along with fine food, wine and dancing there will again be the opportunity to bid on a range of fantastic items through silent and live auctions.

A portion of each ticket sold will go towards setting up a trust fund for the ongoing benefit of St Leonard's College families in need.

Come and celebrate Graham's phenomenal win against leukaemia and enjoy another evening of Great Entertainment, Great Company and Great Fun.
