

Help Graham to get lifesaving treatment
by heading down to the

Groove family disco

Graham has Acute Myeloid Leukaemia (AML) and has undergone two bouts of chemotherapy to date and is now in desperate need of a Bone Marrow Transplant. His best option is The Fred Hutchison Cancer Centre in the United States, which has a 90% survival rate. Help Graham by joining in the fun at a special fundraiser being held by Groove Family Disco. All door sales go directly to Graham's fund. See his website at www.adonorforgraham.com
